CONTENTS:

LATEX PACKAGE FOR UAF SYNOPSIS

1.1 Introduction

The University of Agriculture, Faisalabad-Pakistan.

1.2 Installation

UAFSynopsis is a *LaTeX* class for the Synopsis of the University of Agriculture, Faisalabad-Pakistan. The development version of the package is available on Github.

The UAFSynopsis *LaTeX* package consists of the document class UAFSynopsis.cls, the biblatex bibliography style emisa.bbx and the biblatex citation style emisa.cbx.

The package also includes a quick-start template for users (MPhilSysnopsis.tex) and the present author instructions and style guidelines (emisa.pdf).

1.2.1 UAFSynopsis
